## The Spirit Of "76"

ON JULY 4th, one hundred and thirty-five years ago, the Declaration of Independence was signed by our forefathers. This proclamation of insubordination to England's rule, has, after almost a century and a half brought this country into recognition, by the whole world as the greatest independent nation on the face of the globe, and it is only proper, that we should fittingly celebrate the anniversary of this great day in history, which, has had so much to do with this great country of ours being what it is today—"The Land of the Free and the Home of the Brave." At this store, the "Fourth" will be celebrated tomorrow with several sales of more than ordinary importance.
